To whom it may concern

This letter is to confirm that Ahmed Waqar Rao was employed at Simplicity International Services Ltd as a Project Manager of Website and Mobile Development from 1st September 2021 to 1st September 2023. During this period, Ahmed demonstrated exceptional project management skills, overseeing the development of the Oyato Shopping Application for both web and mobile platforms. His responsibilities included resource allocation, team coordination, and stakeholder communication, ensuring projects were completed on time and within budget while meeting high-quality standards.

In addition to his managerial prowess, Ahmed showcased significant technical expertise. He collaborated closely with engineering teams, making informed decisions on technology choices, and played a critical role in design and quality assurance. His deep technical knowledge was instrumental in the successful and innovative development of our applications, consistently delivering high-quality work and meeting strict deadlines.

Ahmed's blend of strong project management and technical skills made him an invaluable asset to our company. We highly recommend him for any future endeavors, confident that he will bring the same level of dedication and excellence to any organization he joins.
